

## ASK WOMEN TO HELP CLEAN CITY

Noted Authority On Disease Says El Paso Still Needs Attention.

An appeal to the women of El Paso to take a hand in the work of cleaning the city and keeping it clean, comes from Dr. W. H. Zinsner, director of the social hygiene section of the war department commission on training camp activities to Mrs. O. A. Critchett.

The doctor says the women owe it to themselves and their community to do this work and that the women can exert a great influence if they will. His letter follows:

"El Paso, both from military and industrial standpoints, is a city of importance. The great commonwealth of Texas is nobly sending its men and boys to fight in the war for democracy—it is sending its dollars to aid the Red Cross and library loan. Therefore, it is a very clean city. It is the war department commission on training camp activities to Mrs. O. A. Critchett.

"The legislature of your state in its fourth session of 1913 enacted an act to take law on venereal diseases and if the regulations contained therein are adequately enforced, a great step will have been taken to benefit your own and future generations of Texas.

"During the past 12 months, 170,000 venereal cases have been treated in our national army, more than five-sixths being brought in from civilian communities, such as your own. The vast majority of these infections were spread by prostitutes—white, negro and Mexican.

"Indifference Against People. "This is the terrible indifference framed against cities, towns and hamlets from coast to coast. The nation to the Gulf of Mexico: 'You have caused the United States a loss of \$100,000,000 and 1,000,000 soldier days at a time when all resources, financial and physical, are vitally needed to reinforce Pershing's men on the fighting line.'

"Now, as never before, women are playing a wonderful role in the nation's activities. They are proving their absolute necessity as coworkers for the cause of civilization. When, then, can better cooperation be given to the government in its epoch making campaign for civil and national cleanliness than yourself and all members of the Women's club of El Paso?

"You are anxious for the welfare of your city and your own in the service. So is every mother, sister and relative. Adopt as your slogan, 'El Paso must be as clean as I would be.'

## For Piles

A Free Trial of Pyramid Pile Treatment Will Be Just Like Meeting a Good Old Friend.

Have you tried Pyramid? If not, why don't you? The trial is free—just mail coupon below and the results may amaze you. Others are praising Pyramid Pile Treatment as the only relief—why not you? Mail coupon now or get a box from any drugist anywhere. Take no substitute.

## Big Sums Must Go Back To Mining Concern

Capt. Overton Wins Fight For \$87,000 for Presidio Mining Company.

Capt. W. S. Overton, United States army, retired, assistant of Gen. Anson Mills, who has been litigating for many months in San Francisco courts over the affairs of the Presidio Mining company, of west Texas, has just secured a notable victory, according to the San Francisco Examiner of November 8, which says:

"Deciding that an agent cannot profit from his relationship with a corporation, master in chancery Harry M. Wright yesterday filed a report in the United States district court ordering William S. Overton, R. S. Overton, J. W. P. Post and J. M. Doherty, charging mismanagement, misappropriation of funds and in the case of Overton, embezzlement. Capt. Overton claimed that the majority stockholders and directors had manipulated the affairs of the corporation for their own benefit, in pursuance of a conspiracy.

"Judge Van Fleet upheld this contention and ordered W. S. Overton to return certain mining property which he had acquired by using money from the mining company treasury. He then ordered the case referred to the master for an accounting.

"The court held that Overton had no right to make secret profits, though in some cases the mining company was not injured.

"The court held that Overton had no right to make secret profits, though in some cases the mining company was not injured.

"The court held that Overton had no right to make secret profits, though in some cases the mining company was not injured.

"The court held that Overton had no right to make secret profits, though in some cases the mining company was not injured.

"The court held that Overton had no right to make secret profits, though in some cases the mining company was not injured.

**WILL CONTINUE EFFORTS FOR NATIONAL PROHIBITION**

Washington, D. C., Nov. 12.—Efforts to obtain final passage by congress of the war time national prohibition bill, effective from next July 1 until the American army is demobilized, will not be abandoned because of the conclusion of hostilities, Senator Shepard, author of the measure, and other of its supporters said.

**PROHIBITION HAS 20,000 MAJORITY IN MINNESOTA**

St. Paul, Minn., Nov. 12.—Official unofficial returns from every county in Minnesota indicate that statewide prohibition was adopted at the recent election by a majority of about 25,000 votes.

**MAY CONTINUE MAKING PASSENGER AUTOMOBILES**

Washington, D. C., Nov. 12.—Manufacture of passenger automobiles after January 1, the date fixed for 100 percent curtailment, is likely to continue, because of the collapse of the war and the consequent expected lessening of the government's steel demands. This intimation was given today by the war industries board.

**STILL NEED MEN AT PLANT.**

W. H. Brooks, examiner in charge of the United States employment service here, said Tuesday that his office had received no orders to cease shipping workers in the Dupont powder works at Nashua, N. H., nor does he participate any for while yet, he said, as the work there is construction work. Two shipments of laborers—carpenters are scheduled for this week.

## What Americans Paid For Liquor During Old 1917

Figures Amount Into Staggering Sums As Shown By Government.

Washington, D. C., Nov. 12.—The only way of estimating drink consumption in the United States is by compiling the "withdrawals for consumption," which indicate the quantities (tax paid and removed from warehouses which are under government oversight. These withdrawals may or may not be consumed during the course of a year.

The year 1917 saw very much heavier "withdrawals" than consumption, beyond a doubt. The known fact that tax increases would be steady and heavy, together with the prospect of prohibition, caused both dealers and consumers to stock up largely. In consequence, there is no possibility of estimating the amount of liquor consumed or the per capita consumption for 1917, although in normal years accurate conclusions may be reached.

However, all that was withdrawn was tax paid and represents expenditure during the year or subsequently. Wm. F. Fergusson, in the Patriot Phalanx, compiles these costs as follows:

**Table I—The Whisky Bill.**  
Domestic spirits, 190-25,525 gallons, at \$2.50, \$63,812.50  
Imported spirits, 3,053-918 gallons, at \$21.00, \$62,155.66  
Total, \$125,968.16

**Table II—The Wine Bill.**  
Domestic wine, 27,610-485 gallons, at \$2.50, \$69,026.25  
Imported wine, 5,932-881 gallons, at \$5.00, \$29,664.05  
Total, \$98,690.30

**Table III—The Beer Bill.**  
Domestic beer, 1,831-904,325 gallons, at \$1.36, \$2,493.86  
Imported beer, 3,764,542 gallons, at \$1.10, \$4,140.95  
Total, \$6,634.81

**Table IV—Total Drink Bill.**  
Spirits, \$125,968.16  
Wine, \$98,690.30  
Beer, \$6,634.81  
Grand total, \$231,293.27

**NOT COUNTERFEITS, JUST PLANS.**  
Secret service officials say that they have been shown a number of 25 and 50 cent pieces, 1918 calendar, that contain flaws and will not ring after the usual manner of genuine coins, exhibitors believing the pieces counterfeit. The officials say that a large number of coins minted during this year with slight flaws in the metal have been placed in circulation.

**THE YOUNG LADY Across The Way**

WE remarked to the young lady across the way that the editor used too many mixed metaphors and she said that kind of drinks will get anyone in time.

**NO TONIC LIKE HOOD'S**

Sarsaparilla For a Time Like This. After influenza, the Grip. When purified blood, rebuilt strength and regulated bowels are essential. In the after-effects of influenza, the grip and other prostrating diseases, Hood's Sarsaparilla has remarkable health-helping effects.

It cures the poisons that have weakened and depleted the blood, causing pallor, anemia, flabby flesh and lax muscles. It is the standard blood remedy with a successful record of nearly fifty years.

Many people—it is really astonishing how many—have a fine, gentle, easy cathartic in these trying times. We recommend Hood's Pills, used in the best families and equally effective with delicate women or robust men. Easy to take, easy to operate.—Adv.

**RACKING COLDS, HACKING COUGHS**

Quickly relieved by Dr. Bell's Pine-Tar-Honey

When you once try this highly efficient remedy you will realize that at last you have found a reliable corrective for colds, coughs, croup, asthma, bronchitis. The soothing, healing balsam promptly relieves irritation, breathing becomes easier, phlegm loosens, feverish flushes die down.

Dr. Bell's Pine-Tar-Honey is very economical—it takes little to produce gratifying results. Druggists everywhere. 50c, 60c and \$1.20.

## WILL DISCUSS MEXICAN TRADE

Rumored Cobb Will Join Party of Consuls in Capital Conference.

American consul E. A. Dow, of Juarez, James H. Stewart, of Chihuahua, Chih. Mex., and Lloyd Burlingham, of Salina Cruz, Mex., left Monday night at 10:30 o'clock, going by way of Laredo, Texas, for Mexico City, to confer with the American general consul, George A. Chamberlain, of Mexico City, and other consuls stationed in Mexico.

Each Lamar Cobb, special representative of the department of state along the Mexican border, left El Paso several days ago on official business in Washington, D. C., and it is rumored in this city that he will join the consuls at Laredo and proceed with them on their journey to Mexico City to attend the conference of consuls.

It is believed that Mr. Cobb will bring the consuls a message from the authorities in Washington relative to our trade relations with our sister republic, seeking to bring our merchants into their former estate, as well as confidential instructions along other lines.

Merchants in this country who have heretofore done large business with Mexican companies believe that with the gradual return of order in Mexico and the resultant good feeling and the coming of world peace a fuller relationship than now exists between the two countries will soon be done, and all are eagerly awaiting a fuller relationship than now exists between the two countries.

**Youthful Suitors Egged, Car Reminded Omelet**

Hunting, W. Va., Nov. 12.—Automobiles carrying Ashland (Ky.) high school boys, who came to call upon local high school girls, looked like an omelet on wheels before the youths of the Huntington school had satisfied their youthful emotions. Three crates of cracked eggs were showered on the visitors.

**Whole Town Cracks Nuts To Get Gas Mask Shells**

Pittsburg, Pa., Nov. 12.—The little town of Point Marion has declared a two-day holiday so that the population can devote the time to the cracking of 75 bushels of black walnuts. The nut shells will be delivered to the Red Cross for gas mask carbon material. The walnuts were picked in the woods about Point Marion by volunteers.

**DRAWS FIVE YEAR TERM ON CHARGE OF BURGLARY**

Jack Moran pleaded guilty to a charge of burglary in the 34th district court Tuesday and was sentenced to five years servitude in the penitentiary. The alleged burglary was committed October 11 at the E. M. A. where Moran was rooming. He admitted entering two rooms and taking a gold watch from one, valued at \$40, and \$10 from the other.

Police captain R. H. Vester found the stolen property in the possession of Moran, he said.

## THE MOST DANGEROUS DISEASE

No organs of the human body are so important to health and long life as the kidneys. When they slow up and commence to lag in their duties, look out! Danger is in sight. Find out what the trouble is—without delay. Whenever you feel nervous, weak, dizzy, suffer from sleeplessness, or have pains in the back or difficulty in passing urine—wake up at once. Your kidneys need help. These are signs to warn you that your kidneys are not performing their functions properly. They are only half doing their work and are allowing impurities to accumulate and be converted into uric acid and other poisons, which are causing you distress and will destroy you unless they are driven from your system.

Get some **GOLD MEDAL HAMMILL OIL CAPSULES** at once. They are an old, tried preparation used all over the world for centuries. ## That Rookie from the 13th Squad By P. L. Crosby

**AFTER EFFECTS OF MEASLES**

**Mother, Who Lives in Tennessee Mountains Where Black-Draught Is Relied On in Many Troubles, Says It Made Her Boy Sound and Well.**

Coal Creek, Tenn.—Up in the mountains, quite some distance from town, lives Mrs. U. E. Fritts, who relates her experience with Theodor's Black-Draught as follows:

"My little boy, James, took sick with diarrhea, about five years ago, and was badly swollen. He had the measles and this was, no doubt, an after-effect. I made him well by giving him Theodor's Black-Draught. I gave it to him three times a day for a month. I firmly believe it saved his life.

We always keep Black-Draught in our house. It is our doctor. Always easy to get and prompt in giving relief.

A small pinch of Black-Draught after each meal and at bed time for headache, stomach and liver trouble, and we are well the next morning.

It certainly works wonders sometimes and saves no end of trouble, relieves pain, and there is no need for another doctor.

I have recommended Black-Draught to all my neighbors and will continue to recommend it.

Theodor's Black-Draught is a pure, vegetable herb liver medicine, acting gently, yet promptly, on liver and bowels.

Thousands of people, everywhere, have found it to relieve constipation, indigestion, biliousness and many similar disorders.

Try Black-Draught. Your druggist sells it.—Adv.
